Record these events on the life events timeline.

Before we get started, I want to ask you some real quick questions about some special or important things that may have happened in your child's life.

1. Has your child ever moved from one house or apartment to another?
2. Has your child ever changed schools?
3. Has your child ever had a favorite teacher?
4. Has your child had any special family vacations?
5. Has your child ever gone away to camp?
6. Has your child ever had a pet?
7. Has your child had any other (special or unique) experiences that stand out in your mind (that were very important to him/her)?

OK. Now we can start the interview questions.
